

FOR IMMEDIATE RELEASE:

**JUNCTION INTERNATIONAL IS CERTIFIED
AS A WOMEN'S BUSINESS ENTERPRISE (WBE)**

West Palm Beach, Florida – April 21, 2009 – Junction International, LLC, a full-service provider of multilingual translation and integrated cross-cultural communication solutions, announced today it has received national certification as a Women's Business Enterprise by the Women's Business Development Center – Florida, a regional certifying partner of the Women's Business Enterprise National Council (WBENC).

The certification process is designed to confirm the business is at least 51% owned, operated and controlled by a woman or women. By including women-owned businesses among their vendors, corporations and government agencies demonstrate their commitment to fostering diversity and the continued development of their supplier/vendor diversity programs. Having obtained this certification means that Junction has met the WBENC'S national standard, which consists of a meticulous application process including an in-depth review of the business and a site visit.

"The WBENC certification was the next logical step in growing our business", says Claudia Waitman, President & CEO of Junction International. "Combined with our unparalleled approach to process and our outstanding customer service, the WBENC certification is certainly a distinct competitive advantage that will provide us with access to decision makers in the corporate supplier diversity and procurement world", adds Waitman.
